A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair growers.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

MANIAC MURDERER.

"God told me to kill three male people, and I did it," said James Pettus, a young white man, who was arrested in Richmond yesterday morning on a charge of having killed Lizzie Allen, colored, and of stabbing W. Smith a plumber, with whom Pettus has been working.

When asked why he killed the woman Pettus said that he had never harmed a woman in his life. The police says he admitted cutting Smith's throat, but declared that Smith, who is foreman of the Virginia Plumbing Company, had failed to turn in his time properly.

"God told me to kill three men," he is reported to have said. "I killed two in Fulton yesterday morning and did the best I could toward ending Smith. I hate him. He is a hypocrite—he ought to die. He did not treat me square."

The prisoner is held without bail, but declares he will break jail. Pettus is a son of C. R. Pettus, a telegraph operator of Olive Hill, Ky. He says he was born in Richmond, and that his people were once well to do there. He has a sister, Mrs. H. D. Clark, of Chestnut Hill, he declares.

"I know that I am going to be hanged for killing those people," said Pettus in his cell yesterday morning. "I want some one to go to the Virginia Life Insurance Company and pay the premium on my policy. I don't want the city to have to pay my burial expenses, and I will insist upon a good funeral."

The mind of the young man is believed to be mentally unbalanced. He does not know just what he has done. While in his cell he asked for a cigarette and a drink of whisky. The police say he has been using both to excess and is a nervous wreck.

Lizzie Allen, who was a domestic in the home of B. B. Kidd, was killed yesterday morning, her throat being cut from ear to ear with a razor. Pettus had been boarding in the Kidd home. After, it is alleged, he had killed the negress he hurried to Miller and Rhoads' store, where he found Smith. It is charged that he pounced upon Smith from the back and almost cut his head off with the same razor with which the woman was killed. Smith was leaning down, working on a pipe, when he heard a few words and felt the knife enter his throat.

Although Pettus says he killed two men in Fulton yesterday morning, no such crimes have been reported.

When the negroes in the neighborhood in which the negress was killed heard of what had been done they banded together and sought Pettus with the declared intention of lynching him, but did not find him.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

Double Suicide.

The suicide of Samuel Rittenour, which occurred at his home in Huntington, W. Va., yesterday, makes the forty-ninth attempt at suicide and the thirty-first successful attempt at self-destruction in that place since May 14, 1906. The suicide of Rittenour is rendered doubly tragic by the fact that it follows by but three days that of his sweetheart, Rosa Spears, who took her life by drinking carbolic acid Saturday evening at the home of her aunt, two squares from the Rittenour residence.

The story of this double suicide is by far the saddest in the whole unhappy recital of the fatalities which have made Huntington conspicuous in the eyes of the entire country since the beginning of the suicide epidemic, almost a year ago. Rittenour and Miss Spears were to have been married last Wednesday. He left the city Tuesday to go to Montgomery to attend to a business matter. Owing to a wreck on the Chesapeake and Ohio he failed to reach home in time for the ceremony, writing his betrothed that he would be glad to have the ceremony deferred a week until he could arrange his affairs in Fayette.

She did not receive the letter. Brooding over his supposed desertion she drank carbolic acid Saturday evening and was buried Monday. He arrived in Huntington an hour too late for the funeral.

Heartbroken and crazed by the hapless fate of his sweetheart, he refused food and drink and locked himself in his room, where he was discovered yesterday cold in death, with an empty vial clinched tightly in his left hand.

Dr. Shoop's Health Coffee imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by E. S. Leadbeater & Sons.

"Fresh Roasted Coffee?—bah! Mother didn't use fresh roasted coffee, she had Arbuckles."

The way to get a good cup of coffee that tastes like Coffee with all the delicious flavor and aroma intact, is to buy a package of the old original Arbuckles' ARIOSA Coffee, and grind it as you want to use it, first warming it a little to develop the flavor and make the grinding easy. Coffee loses its identity as Coffee after being ground or exposed to the air and is easily contaminated by handling.

Arbuckles' was the first roasted packaged coffee.

The pores of each coffee berry are sealed after roasting with fresh eggs and granulated sugar to hold the goodness in and make the coffee settle clear and quickly; an actual application by machinery, of "Mother's" methods—as patented by this firm.

Sold only in packages, sealed for the consumer's protection, containing one pound full weight. Sales for 37 years exceed the combined sales of all the other packaged coffees. The best coffee for you to drink, and save your money besides. Same old firm, same old coffee. If your dealer won't supply, write to

ARBUCKLE BROS., New York City.

Fell Into Lion's Cage.

There was an exciting scene Monday night at the Apollo, the newest Parisian music hall. One of the numbers on the programme was slack-wire dancing by the Rosie sisters over the cage containing a couple of lions which meanwhile were put through various tricks by Wood, the tamer. Wood, having just finished the proformance, had thrown down his whip and was leaving the cage, when the wire on which the Rosie sisters were making a final pirouette snapped, and the girls fell into the cage, which had an open top.

The lions, alarmed at the sudden and unusual appearance, sprang at the girls, one of whom he knocked down and who received a severe wound on the right shoulder, which bled profusely. The other girl remained lying where she fell, fortunately alongside the tamer, who, though whipless, drove back the beasts while the sisters were got out of the cage. The scene caused wild commotion among the audience, and many women fainted.

Mountain Feud.

Garfield Mason, a young farmer, is at his home in the extreme western part of Frederick county in a precarious condition, and Edward Lewis, also a farmer, is in jail at Romney, Hampshire county, W. Va., as the result of a shooting affray Monday. Lewis fired both barrels of a shot gun into Mason's body. The shot struck him in the face, neck and breast, inflicting wounds that may prove fatal.

The shooting was the result of a mountain feud, bad blood having existed between the two men for sometime. Lewis resented the recent marriage of his sister Ida to Arthur Meson, brother of his victim, claiming that the Mason's have negro blood in their veins. Mason and Lewis met on the mountain Monday and the latter opened fire. Lewis was captured by a posse and put in jail. He was given a hearing and held to await the outcome of Mason's injuries. It is stated that Meson will die of blood poisoning resulting from his wounds.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAY 1, 1907.

ATTORNEY GENERAL ANDERSON has made public the following statement:

"Any male citizen of the State who on or before the 5th day of May, 1906, shall have paid his State poll-tax for the year 1906, for the year 1905 and for the year 1904, or for such of said years as he may have been assessable with such taxes, and who is otherwise qualified by residence, etc., will be entitled to vote in the general election to be held on Tuesday, the 5th of November, 1907; and unless he be a veteran of the civil war, he must have paid all of such by or before the 5th day of May, 1907."

Citizens who are not qualified to vote in the fall elections will not be qualified to vote in the primary. Delinquents who fail to pay their poll-taxes on or before May 5th cannot vote either in the primary or in the regular election. Concerning this important matter of registration the Richmond Times-Dispatch says:

The Attorney-General has recently called attention to another matter in this connection, which is of vital importance to voters. After quoting the act of March 10, 1904, providing for the posting of lists of voters who have paid their poll-taxes, he says that the law unquestionably requires each treasurer to make up one complete list, at least five months before the regular election, of all voters who have paid their capitation taxes payable by them three years next preceding that in which the election is held. The requirements of the law will not be satisfied if the treasurer shall make up three separate and distinct lists, one for each of the three preceding years. Any person whose name shall be omitted from such certified list may, after five days' written notice to the treasurer, apply to the Circuit Court of his country, or the Corporation Court of his city, or to the judge in vacation, to have his name entered thereon, within thirty days after the list has been posted. Any voter not exempt from the payment of the capitation tax as a prerequisite to the right to vote, whose name may be omitted from the list, can only supply such omission by applying to the court. If a citizen fails to avail himself of this remedy he will thereby be deprived of the right to vote at the election held after such lists are made up, filed and posted. He may have paid his poll taxes, and may exhibit his tax receipts at the polls, but if his name does not appear on the list, the judges cannot allow him to vote. The only exception is that in any case where a voter is transferred from one city or county to another he may vote on the certificate of the treasurer of the county or city from which he was transferred that all his polltaxes have been paid according to law. This is a timely notice to clerks, treasurers, sheriffs and sergeants, and especially to voters. If the officers named fail to discharge their duties as outlined in the act cited they will subject themselves to a fine of not less than $50. Citizens who fail to comply will lose their vote. Every voter should see to it not only that his taxes are paid, but that his name is on the list. Don't neglect your duty and then complain of the judges of election. It will do no good to produce your tax receipts and make threats. If your name is not on the list, you cannot vote. That's the law.

IT HAS often been observed that wherever white men go their good and bad examples bear fruit. It took the North American Indians less time to acquire an appetite for whisky than it did to imbibe the principles set forth by the missionaries. The same is true of the orientals. During the past half a century Japan as a result of her intercourse with Great Britain and the United States, has repudiated most of her ancient customs and adopted in a measure the modern ideas of her tutors. She has recently evolved into a power commercially and otherwise. But while posing as such it seems that the island empire is having burdens to bear similar to those which harrass her preceptors. Riotous striking miners and shipcarpenters are causing trouble in the Mikado's country. People of other nations will await his action in the matter with interest.

THE REPORT that Mayor Schmitz, of San Francisco, is ready to resign and "squeal" in consideration of immunity is pretty good evidence that the charges of corruption at the Golden Gate are abundantly founded and that the prosecution has the proof in shape to lay before a trial jury. It isn't often that charges of boodling are made against members of city and State governments and public contractors without ample justification. It happens far oftener that the rascals escape conviction than that accusations are made against innocent men.

NOW THAT President Roosevelt has safely returned from a very pleasant and enjoyable trip to Jamestowd and the surrounding country a report has been started to the effect that a plot to assassinate him by an anarchist, know all over the country, had been frustrated. No sensible man believes this story, but it is safe to say that had any anarchist or any one else attempted to harm the President while on Virginia soil he would never have lived to stand trial.

The month ended yesterday was the coldest April in the last twenty-six years, and within a degree of the coldest April ever experienced, according to the Weather Bureau.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, May 1.

Secretary Taft returned to his desk today after his visit to Ohio where he delivered several speeches. He found a number of important matters awaiting his attention and he made an early visit to the White House to discuss several of them with the President. Among them was the question as to the raise of wages demanded by the steam shovelmen on the Isthmus of Panama. The secretary maintained silence upon politics, contenting himself with the statement that he had had a pleasant, although strenuous, time in Ohio.

Officers who fought under him as ship's captains, but who since have been retired as rear admirals, today called at the office of the president of the General Board of the Navy to pay their respects and congratulations and wish many returns of the day to Admiral Dewey. Nine years ago this morning Dewey, then commodore, commanding the American squadron of cruisers, entered Manila Bay and sank the entire fleet of Admiral Montojo. Last night he attended the dinner given by the President to the foreign naval officers and remained late to the reception that followed. On his desk this morning were a number of large bouquets of American Beauty roses contributed by the office staff, members of the board and sent by those who fought under him at Manila, as well as by friends generally. In his mail were scores of congratulatory letters and telegrams came from all sections of the country. To celebrate the victory of the American fleet at Manila, Admiral Dewey and as many of his officers as can attend will gather about a banquet table at the Raleigh tonight. Nine years have wrought a great change in the fortunes of the men who were in command that day. Admiral Dewey is living in the home the American people gave him, and is now the active head of the American navy. Of the captains, Walker, of the Concord, is the only one on the active list, he, being a rear admiral and superintendent of the naval observatory at Washington. Coghlan, of the Raleigh, though retired, is in command of the New York navy yard. Gridley, of the Olympia, to whom the command to begin battle was given; Wildes, of the Boston, and Wood, of the Petrel, are dead. Dyer, of the Baltimore, is now a retired rear-admiral. Admiral Dewey will preside at the feast.

The Department of Justice has begun an investigation of the operation of a score or more leading steamboat and railway lines. It is charged that they have been guilty of gross discrimination in the handling of cotton goods for export. Among other big corporations involved are the following: Atlantic Coast Line, C. & O., Illinois Central, Seaboard Air Line, K., T. & M., Southern Pacific, Great Northern, Canadian Pacific and Oriental Steamship Company.

The commanding officers of the warships of Great Britain, Austria Germany and Argentina who came to America to participate in the opening of the Jamestown exposition, were given a strenuous day of entertainment today. In the morning they spent several hours in automobiles, escorted by Rear Admiral Evans and the staff officers of his fleet, "seeing Washington." Later they were given a luncheon at the New Willard by the Navy Department, with acting Secretary Newberry as host. Following the luncheon the party will become the guests of the army, which will give them a special cavalry and artillery drill at Fort Myer. This evening, James Bryce, the British Ambassador, will entertain at dinner Rear Admiral Neville and the other British officers, the American fleet officers and a few government officials and diplomats. Following the dinner the Ambassador will receive the remaining officers, American and foreign, and several hundred army and navy officers. The entire party has been invited to attend the unveiling of the McClellan statue in this city tomorrow.

The President had a fifteen minutes interview today with Charles S. Mellen, president of the New York, New Haven and Hartford Railway, and his assistant, Timothy E. Brynes. Mr. Mellen said: "If there is anything to be given out about our interview the President will have to make it public. I do not feel as though I ought to do so. Valuations? Am I in favor of the proposition? I am not in favor of anything in particular. I am in charge of a little property that occupies a small corner of the earth and all I want to do is to be allowed to run it in peace and quiet and prosperity." "I'll not talk about any subject except religion. I'll say all you want me to say on that."

John W. Yerkes, of Kentucky, who resigned recently as Commissioner of Interstate Revenue, has joined the local law firm of Hamilton and Colbert. He will take up corporation practice for the most part.

The Randolph Lumber Company, of Pittsburg, Pa., has complained to the Interstate Commerce Commission that the Seaboard Air Line, B. & O., C. & O. and other roads are discriminating against it in the rates on lumber hauled from Chester, Va., to Ohio points.

It was announced at the White House today that Professor S. D. Cromer, of Columbia University, Missouri, will be appointed treasurer of Porto Rico to succeed Wm. F. Willoughby, of the District of Columbia, who becomes secretary of the island.

Moved to action by the mysterious theft of $173,000 from the Chicago subtreasury, Secretary Cortelyou will immediately put into operation a system of inspection of all sub-treasuries. From now on bank examiners and expert accountants will unexpectedly visit the different subtreasuries, to count the money and audit the books. Chief Wilkie of the secret service is still after the person or persons who got away with the $172,000 from the Chicago office. Hope of solving the mystery has not been abandoned.

Southern Railway Exhibit Completed.

Made up chiefly of the natural resources of the southern States, the Southern railway has the only completed exhibit in the States Exhibit building, on the day of the opening of the Jamestown Exposition. This commercial exhibit attracted no little comment during the first two days of the opening of the great Ter-Centennial. There are jars of fruit in alcohol, specimens of ores, marble, clay and stone, with samples of wood from along the line traversed by the road.

The decorative work is exceedingly beautiful, an artist having been put in charge of the installation of the exhibit.

News of the Day.

The threatened strike of the second and first mates of the Merchants and Miners Transportation Company to enforce a demand for higher wages was begun at Baltimore yesterday.

Capt. Wm. H. Thompson, a former member of the Legislature and a veteran oysterman, died at 10:20 a. m. yesterday at the City Hospital, in Baltimore, from a pistol wound which he had inflicted in his left breast with suicidal intent.

With a sharp, raw wind blowing and heavy clouds banking the sky, Captain Charles de F. Chandler, U. S. Signal Corps, and J. C. McCoy, of New York, stated from St. Louis last night on their delayed long distance balloon trip to Washington.

As the result of a fire in a three story frame house one of the landmarks of old Greenwich valley, New York, today, four persons are in St. Vincents hospital so badly burned it is feared they will die. Only the quickness of two policemen who formed a "human ladder" saved the lives of two men.

After being entombed since last Friday noon in the Berwind-White Coal Company mine, No. 38, at Fousttwell, near Johnstown, Pa., the seven miners, who were shut off from the world by a sudden rush of water caused by the breaking of a wall of an abandoned mine, were rescued at 10 o'clock last night.

William H. Tucker, who murdered his wife and was sentenced to life-imprisonment in the Connecticut Hospital for the Insane, and William Carpenter, who was declared insane after shooting his sweetheart in Norwalk and was sent to the same institution, escaped together yesterday from the asylum by removing bars from a window.

Within a few minutes after an address before his fellow-members at the annual banquet of the Society of Philosophical Inquiry, Charles H. Hinton, second assistant examiner of patents, was stricken with heart disease in the lobby of the main floor of the new Young Men's Christian Association building in Washington about 11 o'clock last night, dying almost instantly.

A car in charge of strike breakers at Montgomery, Ala., today ran over a three year old child. Though the lad ran directly in front of the car and the crew was in no wise responsible the incident stirred up the anti-strike element to renewed frenzy, and it was with the greatest difficulty that the police prevented lynching of the non-union men. Further trouble is expected.

Wilson Mizner, the husband of the widow of Charles T. Yerkes, was today named as the defendant in a suit brought in the New York Supreme Court by Mrs. Yerkes-Mizner. The papers in the case were sealed and the attorneys refused to divulge the nature of the contents. There is the best of reasons for believing, however that the former wife of the great financier, is seeking a divorce from her young soldier of fortune husband.

Great dissension has been caused in the congregation of St. John's Independent Methodist Church, in Baltimore by the action of the quarterly conference in accepting the resignation of Rev. F. T. Benson, the pastor, and calling in Rev. Dr. M. D. Mitchell, of the Methodist Episcopal Church South, as pastor, and requesting the congregation of Emmanuel Methodist Episcopal Church South, which had been worshiping with it for many months, to withdraw. The congregation of Clark Memorial Independent Methodist Church is also mixed up in the affair. The situation is so complicated that many of the members do not comprehend it.

Proposed Present to Pope.

Richard C. Kerens, a St. Louis churchman, capitalist and politician, is named in a cablegram from Rome as the leader in a movement of vast political and religious import. Its object is by the purchase of an immense tract of Italian land to add a strip of sea coast to the Vatican gardens, now the narrow prison of Pope Pius X.

The plan of Mr. Kerens and his associates, all American Catholics of means, is, it is stated, to buy a narrow tract of land sivty-five miles long, from the Vatican to Civita Vecchia (old city), on the Mediterranean coast, to inclose and beautify this land, and present it to the Pope as an addition to his present tiny temporal domain.

"It is a tomb you have given me," the Pope said to his brother cardinals, when on a July morning in 1903 they crowded about him to congratulate him on what seemed to them all the greatest triumph of his life. The lapping waters of Venice cannot be brought to Rome, but the zeal of Mr. Kerens and his associates has seen a way by which that other and broader sea, the Mediterranean, may be brought to the Pope. It is for this purpose that the purchase of the strip of land leading to Civita Vecchia is projected. The initial cost, it is stated, would exceed $1,000,000. Martin Maloney, a wealthy Philadelphia Catholic, is named in cablegrams as an associate of Mr. Kerens in the enterprise.

Sailors Attacked by Santiago Police.

Early yesterday morning the police of Santiago attacked a party of enlisted men from the United States cruiser Tacoma, who were returning to the wharf upon the expiration of their shore leave to rejoin the cruiser.

Three of the Americans were seriously injured, and one, whose skull was fractured, will probably die.

Ensign A. T. Brisbin, who was ashore in civilian clothes, was also injured, but not seriously His participation in the affair is not fully explained.

The police evidently used guns, knives and clubs, while the sailors were certainly unarmed, as they are not permitted to go ashore with weapons of any kind.

Since the intervention it has been the American policy to keep warships stationed at various ports. The Tacoma has been at Santiago for many weeks. The relations between the police and sailors have been generally cordial. It is impossible to say what caused the row, but behind it all is believed to be the hatred of the Cubans for the Americans, especially those of the military forces.

There has been a great deal of evidence of covert anti-Americanism in Santiago, where the negroes among themselves dream of the establishment of another Hayti.

A History of the Laurel Brigade and Turner Ashby Cavalry.

The surviving soldiers of this brigade will no doubt be gratified to know that a history of its distinguished services has been written, and will look forward with pleasant anticipation for its publication.

At the instance of General Thomas L. Rosser and others, a history of the Laurel Brigade—the name with which he baptized it after the battle of the Wilderness—was written by the late Capt. W. N. McDonald, ordnance officer of the brigade.

Captain McDonald was several years gathering in the data and writing the history, which he had about completed, but unfortunately had not gotten ready for publication before his lamented death.

The history is a record of the brigade from its earliest services under the dashing leadership of General Turner Ashby, to its last charge at High Bridge under the lamented Deering, and Appomattox.

At a meeting of members of the brigade held in Charles Town, W. Va., on the 13th of August last, Colonel R. P. Chew, Major Edward H. McDonald, Major Angus McDonald and Bushrod C. Washington were appointed a committee to provide for the publication of the history.

Major Agnus McDonald was made permanent chairman of the committee and treasurer of the fund to be raised for the purpose.

Bushford C. Washington was selected to revise and prepare the book for publication and raise the necessary fund.

Mr. Washington has the work well in hand and in a few weeks will put it in the hands of a publisher. But it is the intention to include a complete muster roll of each company in the brigade, with the name and address of surviving members, and names of all killed, wounded, or who died of disease and in prison.

It is the hope of the committee of publication that the book shall contain the record of every soldier who served in this distinguished command.

For that reason all surviving members are requested to communicate as soon as possible with Mr. B. C. Washington, Lock Box 46 Charles Town, W. Va., and to send in muster rolls of companies if possible.

Today's Telegraphic News

Baroness de Massey on the Stand.

New York, May 1.—Baroness Anisia Louise de Massey took the stand in her own defense this afternoon, to defend the charge of murdering Gustav Simon, the Broadway shirtwaist manufacturer.

Attorney le Baribiere announced he would close his case with her testimony, and it may go to the jury tonight. Her own story was the strongest point brought out in the Baroness' favor, as other witnesses for the defense told only of her good character and Simon's "bad reputation." The Baroness said she left Simon's employ because of an argument with a superintendent. Simon expressed his regret and told her to return the following Monday at 4:30 for her money.

"Did you ever own a revolver or possess a box of cartridges?" asked Le Barbiere.

"Most emphatically, no." The Baroness said on the afternoon of the killing she called on Simon for her money. She greeted him cordially, and he replied in similar spirit. He surprised her by saying:

"I don't believe I will pay you, I guess you will have to wait for your money."

"I thought he was joking," explained the Baroness "until he bowed me out of the office. Then I went down stairs."

Four witnesses preceded the Baroness on the stand. One man said Simon always went armed and was ready to shoot.

Russian Socialists.

London, May 1—A secret congress of the Russian social democratic leader party will be held either in England or Sweden during the present month, according to the Evening News. The purpose of the gathering is to decide whether the revolutionary party in Russia shall continue to rely upon evolution to work reforms or shall ignore it and resort to the old system of strikes and revolts in the campaign against the government. Every socialistic group in Russia and Findlnd will be represented in the congress which will become the central executive board of the united parties. There will be 600 delegates chosen in the proportion of one for every 5,000 members. Even the Cossack regiments, it is asserted, will be represented. If the congress decides the Douma is useless, they will plan to force its dissolution. A general strike will be ordered and peasants' revolts be started. Terrorists, it is stated, are ready to pledge themselves to immediate action to coerce the government into granting reforms.

Strikes In Boston.

Boston, May 1.—Four great branches of labor today joined the striking teamsters in refusing to accept existing conditions of wages and hours. Twelve hundred boilermakers employed in fourteen shops today demanded a 10 per cent wage increase from the scale now ranging from $2.50 to $3.50. The employers say they cannot afford more than seven and a half per cent increase, and on this issue it is stated that a majority of the strikers will stand out. The 210 members of the cement and asphalt workers' union refuse to go to work until the employers sign the 1907 scale and working agreement. The members of wood, wire, and metal workers' union quit work today on every job where the new scale giving about 25 cents a day increase was not made effective. The local condition is acute on account of the teamsters' strike, which has been marked by increasing violence and riots and the agitation over the Moyer-Haywood situation.

Labor Conditions in New York.

New York, May 1.—With labor practically satisfied with conditions as they now exist, the fresh May Day trouble threatened is a strike of the first, second and third officers on seventeen of the coastwise steamship lines. Conditions in this city are looked upon today—the day of industrial strikes—as better than they have ever been before. The men in almost all lines of trade are satisfied with their wages and hours, the wage scale having been increased in almost every branch of the skilled trades in the last few years. The painters in greater New York are on strike at present for an increase of 50 cents a day in wages. Up to the present they have been unsuccessful in their efforts and look forward to systematic strikes by other unions. But it is not believed that they will receive any material assistance as far as strikes are concerned from any of the other organizations.

Strikes in Warsaw.

Warsaw, May 1.—Troops today guard all the streets to prevent outbreaks by strikers who have tied up many of the industries of the city. Even the tram cars have stopped and transportation facilities are of the worst. Meat markets and bakeries are closed, and unless the strike is soon broken, a food famine is promised. Practically all the factories and shops are closed and even the newspapers have been unable to get out their editions. With thousands of idle men on the streets there is danger of an outbreak at any moment, but the troops have the situation well in hand and so far there have been no disturbances.

To Return to the Stage.

London, May 1.—Having secured a separation from her husband, Mrs. John Lemoir Gordon, better known in the United States as Nina Farrington, is to returned to the American stage. She will give up her social position here and expects to sail for the scene of former triumphs shortly. Nina Farrington and Lieutenant Gordon were married in 1903, and she soon became prominent socially. They discovered they were not temperamentally compatible and separated. Both sued for divorce, but each suit was overruled. Then the wife was granted a separation. Gordon is very wealthy and a financial settlement has been made.

Wrecked Schooner.

New York, May 1.—The steamer Kaiser Wilhelm der Grosse, which arrived today, reported that on April 29, in latitude 41.14, longitude 57.10, she passed the wrecked American three masted schooner Everett Webber from Wilmington, N. C., for Philadelphia, water-logged and masts standing. She had apparently been on fire, there being no evidence of life on board.

Fire and Loss of Life.

Chicago, May 1.—Fire broke out at 255 Wabash avenue, the second floor of which is occupied by a noon-day lunch club exclusively for women, at noon. The first floor of the building was occupied by the Storey & Clarke Piano Company. The dining room of the Lotus Club on the second floor had just begun to fill with young women employed in the retail business district. Fire, from cause yet unlearned, started in the lunch club. Five women were killed outright, according to the police reports, and two men were fatally hurt by jumping from windows and fire escapes.

When the firemen arrived all the fire escapes on the alley side were filled with women screaming for help. On the Wabash side of the building men and women were standing on ledges, climbing down sign posts and endeavoring by every projecting stone to find a footing aside from the windows from which smoke and flames were dealing death. The building was five stories high.

The police say it is likely to that many besides those killed by jumping have become victims of the flames and smoke within the lunch club building. Some of the fleeing ones declared that they stumbled over bodies of friends on the floors and in the passage ways.

The fire was under control by 12:40 and police and firemen are now searching the building for remains of any who may have not escaped.

A later dispatch says that two were killed and fifteen injured.

The Balloon "America."

St. Louis, May 1.—If the experimental balloon "America," which rose from the ground here at 7.20 p. m. yesterday, ascended much further than the altitude at which it was sailing when last alighted from St. Louis, likely it is traveling in the direction in which the aeronauts wished to go eastward. Weather Forecaster Bowie stated this morning that the wind, which caught the airship and bore it away into the clouds, is still from the north, but that the upper currents are of easterly tendency, and should the great balloon be caught in them it will be propelled toward the Atlantic ocean on the voyage which was undertaken to break the long distance record.

Cape Girardeau, Mo., May 1.—Captain Chandler's balloon "The America," in which he is seeking to break the long distance flight record for America, was sighted above this city shortly before noon, going southeast before a stiff breeze. This city is 112 miles south of St. Louis on the Mississippi river. The aeronauts are badly out of their course, as they had intended an easterly flight.

McClure, Ill., May 1.—The balloon passed here at 11:45 a. m. McClure is in Alexander county 45 miles southeast of Cape Girardeau.

Coming Wedding.

New York, May 1.—Following close upon the announcement of the re-election of William E. Corey as head of the United States Steel Corporation, it is reported here today that Mabelle Gilman, the actress, who is to marry Corey, sailed from Paris for this country several days ago, and is now due in New York. The dispatches received from Paris state that Miss Gilman has fully recovered from injuries she received by being thrown from her horse while riding and planned her arrival here about the same time that Corey was re-elected. The marriage of the steel trust head and the actress will probably take place this month.

New York, May 1.—Maybelle Gilman, the actress, who is engaged to marry William E. Corey, head of the steel trust, is reported to have arrived here today on the North German Lloyd Kaiser Wilhelm der Grosse. The actress avoided would-be interviewers, and was whisked away to apartments in the upper part of the city.

Anxiety in Paris.

Paris, May 1.—A call for a mass meeting of all strikers to be held late today has made labor day one of dread to all Paris. While the forenoon passed without disorders, there was a general fear that there would be serious trouble when the strikers met for their deliberation in the strike situation. Streets are constantly patrolled by police cavalry. In their armories thousands of troops were kept under arms to be rushed to any danger point. Along in the early afternoon workmen, including many strikers, began gathering in the Place Republique. Agitators among them tried to incite disorders and the police at once got busy. Many arrests were made at this point and in other parts of the city. An official estimate of the arrests placed the number at 150.

Paris, May 1.—An American named Law, who attempted to kill a soldier at the Palace Republique, during the Labor Day demonstrations today, was shot and, it is believed, fatally injured.

Mr Bryan Delayed.

Albany, N. Y., May 1.—Representative James H Oliver today received the following telegram from W. J. Bryan: "Train delayed. Reached Boston after Albany train had gone. Please present regrets." As Ryan is to speak in New York tonight, and has other engagements, it is not believed that he will come here on this trip. A reception had been arranged for him. He was to address the Assembly and take luncheon with Gov. Hughes.

Request from Mrs. Thaw.

New York, April 1.— The statement was made today that Mrs. Wm. Thaw mother of Harry K. Thaw, has given $50,000 to the New Westminster University of Denver. It was said that Mrs. Thaw has assured those in charge of collections for the University, that she will give $150,000 if the drain on her fortune in the defense of her son is not too great.

Dangerous "Wild West" Sport.

Philadelphia, May 1.—Determined to play the "wild west," game to the limit, three boys hanged another lad to a tree in west Philadelphia, late last night. The timely arrival of a policeman, who cut the rope, saved the boy's life. As it was, he was taken to the Presbyterian Hospital. The would-be cowboys were arrested.

Statement by Mr. Bywaters.

B. F. Bywaters, father of William F. Bywaters, who was shot and killed in December at Culpeper by Philip and James Strother, after he had hastily married their sister, Viola Strother, has issued a statement to the public in defense of his son's memory.

"My son went to his death shielding the reputation of Miss Viola Strother," he says. "Though fully conscious for twenty-four hours of the danger in which he stood in respect to her brothers, he faced that danger alone and unflinchingly rather than confide to any member of his family or friend a story which so involved her good name".

The aged father brings out many facts which were excluded at the trial in which the Strother brothers were acquitted, and declares that his son had announced his intention of marrying Miss Strother in January. He says that many cruel and utterly false statements in regard to his son have been circulated, and in the end his family were denied the privilege of bringing into court any evidence to prove his general good character or honest intent in his marriage.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The examination of white and colored applicants will be conducted at the same time, but in different rooms. Mr. Kemper will be assisted by Miss Pearl Hofman, of Lee school whose place, during the examination, will be filled by Mrs. W. H. P. Kelly substitute teacher.

Superintendent Clements, of the Alexandria county public schools, has also announced that examinations for appointment to the position of teacher will be held in the county May 2, 3 and 4. White applicants will be examined in the Hume school building and colored applicants in the Rosslyn school building. The summer examinations will be held at the same places July 29, 30, and 31.

River Notes.

Five torpedo boats passed up the river this morning on their way to the Washington navy yard. Later the U. S. transport Sumner passed up.

The schooner W. O. Goodman, loaded with railroad ties, has sailed for Newark, N. J.

The schooner Lulu M. Quillin has sailed for Severn river where she will load sand for the Old Dominion Glass Works.

The schooners Samuel Wood and Charles H. Daiger are being loaded with supplies by Chas. King & Son Co. for Reedsville.

The barge Daniel is loading for Colonial Beach.

The schooner Five Sisters, from Aquia creek with lumber for Smoot & Co., has arrived.

Arrest of Alleged Murderer.

Thomas Lassiter, colored, charged with being a party to certain robberies and murders at Berkley recently, was, it is said, arrested at Old Point Monday night. Officers in this city were on the lookout for Lassiter, it being supposed that he was on his way here on the steamer Norfolk, which was due at 6:30 yesterday morning. Owing to an accident to her steering gear and a thick fog, the Norfolk did not leave Fortress Monroe until early yesterday morning, and she passed this city on her way to Washington about six o'clock in the evening.

William McIntosh, also colored, who has been arrested in connection with the murder, has, it is stated, made a confession in which he alleges that Lassiter is responsible for all the murders.

Forfeited His Collateral.

Some excitement was caused in the vicinity of the union depot late yesterday evening by Railroad Detective Cannady chasing a colored man who had stole passage on a train from Washington to this city. The darkey ran after he alighted from the train. He was pursued by the detective who discharged his pistol several times at the fugitive. The latter was subsequently captured and taken to the station house where he left $10 collateral for his appearance this morning. Jackson could not be found when the case was called and forfeited his collateral. Later in the morning the wife of George Midgets, the murderer of Chas. T. Smith, swore out a warrant against Jackson charging him with assaulting and beating her.

Musical Entertainment.

Those interested in the work which is being done at St. John's Church, West End, under the charge of the students of the Theological Seminary, are very desirous to surround their church with a fence, and in behalf of this object, Mr. M. Lloyd Featherstone, the well known musical specialist of Washington, will give one of his delightful entertainments in the Opera House, this city on, Friday night, May 3rd, at eight o'clock.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

William Jackson, colored, arrested by Special Officer Cannady for trespassing upon cars of the Washington Southern Railway Company, forfeited $10 collateral by failing to appear.

Josephine Lee, colored, arrested by Officers Knight and Talbot for disorderly conduct, was fined $2.50.

Divorces Granted.

Judge Barley, has granted George Apostolakes a divorce from Ellen Apostolakes on the ground of desertion and abandonment. They were married in Greece in February, 1902. Lena M. Marders was granted a divorce from John H. Marders on the same grounds. They were married in Washington, in 1895, and the complainant is now engaged in business in this city, while the defendant is a non-resident.

Fishtown.

Fishtown was rank this morning, the effluvium from the offal filling the air. Half a dozen country wagons were being loaded with the heads and entrails of herring, which will be placed upon land. Several vessels were discharging fish this morning and "cutting" and packing were being vigorously prosecuted. Shad were quoted this morning at $15 a 30 per hundred, and herring at $3 a 4 per thousand. But few pan fish are arriving.

Killed by a Train.

Armstead Mitchell, colored, was struck and instantly killed yesterday morning by south bound train, No. 89, on the Richmond, Fredericksburg and Potomac Railroad, near the trestle over Quantico creek. Mitchell was employed as a track hand, and was proceeding to his work when the accident happened. The engineer blew the whistle, but Mitchell seemed too bewildered to step from the track. He lived at Quantico.

It was Harry Robinson, not Harvey, who was fined $5 in the Police Court yesterday morning for interfering with an officer in the discharge of his duty.

Death of Mr. Talbot.

Mr. William T. Talbot, a well-known citizen of lower Fairfax county, died at 7:30 o'clock yesterday evening at his home, "Belvoir Farm," aged 57 years. Mr. Talbot was a thrifty farmer and his many good qualities made him friends throughout this neighborhood in which he had lived so long. For years he had brought his country produce here and occupied a stand in the city market. He leaves a widow and four grown children, two sons and two daughters.

Correction.

Officers Beach and Henderson arrested George Griffin and Charles Michael Monday charged with attempted incendiarism, not Henderson and Jones, as was stated in yesterday's Gazette. The two last named discovered the fire alleged to have been started Saturday night by Griffin and Michael and prevented what might have proven a disastrous conflagration.

Shot by a Boy.

Clarence R. Walker, was shot in the right leg at his home, 700 north Columbus street, yesterday afternoon by Henry Muller, eight years of age, who picked up a pistol in the store and discharged if at Mr. Walker, without understanding the seriousness of his act. Dr. Samuel B. Moore was summoned and he pronounced the wound not serious.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

LOCAL BREVITIES.

The steam yacht Runaway, belonging to Mr. Joseph Moore, was inspected today by government officials, who found everything connected with the yacht to be according to requirements.

The dramatic club of the Young Men's Sodality Lyceum rendered "Crawford's Claim" again last night. Another appreciative audience gathered to witness the reproduction. As was the case Monday night, all who participated in the performance acquitted themselves admirably.

Now is the time to take up carpets and clean them. M. Ruben's & Son's process has proven superior to others.

A fullline of good BROOMS for sale low by J. C. MILBURN.

A Miss and a Find.

It was the habit of the Rev. James Spurgeon, grandfather of the great preacher of that name, to pray each evening under a certain oak tree in a secluded wood in Honeywood park. One night he dreamed, the story goes, that Satan appeared and threatened to tear him in pieces if he followed his accustomed route to the tree. There was another path by which he might go in safety. Remembering his dream, Spurgeon felt sorely tempted the next night to take the route in which Satan was not. But this would be to capitulate. Trembling in every limb, he made his way by the path in which the danger lay. He reached his goal in safety and in prayer and song returned thanks for delivery from peril. When his prayer had ended he rose to return. In his path lay a piece of solid gold "as large as a curtain ring." All inquiry failing to discover an owner, he retained it and when he married had his wife's wedding ring made from his curious find.

A Desperate Wager.

Driven to desperation by their heavy losses, gamblers have often sought by some coup either to repair their shattered fortunes or to bring down utter ruin upon themselves. One of the most curious instances of this kind comes from England. In the eighteenth century a notorious gambler had been losing steadily in a game for high stakes with Lord Lorne. Exasperated by his continued ill fortune, he suddenly sprang up from the card table, seized a large and costly punch bowl and, balancing it above his head, called out to his opponent:

"For once I'll have a bet where I have an equal chance of winning! Odd or even, for 15,000 guineas!"

"Odd!" replied the peer placidly, and the gambler hurled the magnificent bowl against the wall.

When they counted the pieces Lord Lorne had won.—Tuesday Magazine.

Warmed by Their Perfume.

According to the results of experiments by Dr. Jean Chalon, aromatic plants charged with essential oils which exhale a perfume that spreads like an atmosphere about them when touched by the rays of the sun are to a slight degree warmed by the presence of this agreeable atmosphere. It acts in retaining the solar heat like the glass covers of a hothouse, although of course far less effectively. Professor Spring has shown that the relatively high temperatures of large cities is probably due, at least in part, to the carbonic anhydride in the air above them acting as a retaining screen for heat rays.

Spots on Leather.

Oxalic acid in weak solutions is the best thing to use when removing spots from leather. Two or three crystals of oxalic dissolved in warm water, then applied with a bit of cloth to the spots, will do the work. Watch closely, and when the spots begin to disappear apply clear water to overcome the acid, which is a powerful bleach. Dry the leather with a clean cloth. For bright leather make the solution weaker.—Philadelphia North American.

Right In His Line.

Irate Father—I'm getting tired of this nonsense. You've been engaged to that young man for six months. Does he ever intend to marry you? Daughter—You must have patience, papa. Remember, he's an actor. Irate Father—What has that to do with it? Daughter—He's fond of long engagements.

He Made Them Read It.

Daughter—Have you found out yet what it was that papa cut out of the paper? Mother—Yes. I bought a copy. I've read it all through, but to save my life I can't see anything wrong in it. It's an article on the vulgarity and silliness of buying gowns that are beyond one's means.

A Man of High Principles.

Scotsman (up for the week end, who has been asked by his friend to go to a music hall)—Na, na, mon! D'ye no ken I never visit a music hall on th' Saturday, for fear I should laugh in th' kirk on th' Sawbath?—London Opinion.

Adam's Foresightedness.

Though Adam blamed Eve for tempting him to eat apples, it isn't on record that he gave her due credit for making those first clothes.—Florida Times-Union.

Rioters Strikers in Japan.

Serious disorders have broken out at the coal mines near Horanai, in the Hokkaido administrative district of Japan, where 2,000 miners have struck work. The strikers burned the office buildings and a number of residences. Sharp collisions occurred between the strikers and the police and numbers on both sides were wounded. Owing to the discharge of 600 workmen from the shipyards at Kuraga disorders have broken out there and part of the works have been destroyed. A detachment of police and 80 soldiers sent from Yokosuka to Kuraga have been unable to restore order and additional troops have been dispatched to the scene of the disturbance.

Deserted Bride at the Altar.

As the priest asked him if he took Miss Veronica Luzetsky to be his lawfully wedded wife, as they stood at the altar of St. Casimir's Church yesterday morning, in Pittson, Pa., Frank Bartkus cried, "I will not marry her!" The next moment he abruptly started for the door, brushing aside friends of the bride who sought to detain him. At the door he ran, but they overtook him half a square away and he was surrounded by a crowd of angry men and women when the police rescued him. He was locked up for a few hours for his own safety, and then left town. The bride, who fainted when Bartkus left her, is quite at a loss to account for his decision, and he left no explanation.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

He Fought at Gettesburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

It soothes the child, softens the gums, allays all pain; cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats.
